1. Introduction

South Essex College receives allocations of funds from the Education and Skills Funding Agency (ESFA) to support eligible students to meet the costs of participating in education. The College sets its criteria for funding in accordance with the guidelines provided by the ESFA.

Eligible students will be required to show supporting evidence that they meet the required criteria. In certain exceptional circumstances, South Essex College may exercise its ability to make discretionary awards.

2. Information

South Essex College provides information about and promotes access to financial support via information leaflets, the College website, at interviews and at promotional events i.e. open events and during enrolment.

A Student Bursary application form is available on the College website or can be collected from Student Services on request. Progressing students must reapply for funding. Application forms are clear and easy to follow and students can get help to complete their application by visiting the Funding Team in Student Services. Applications must be completed before students can receive help with travel. Travel is prioritised and students may receive a bus or train pass before their Application is fully processed.

Refunds will be paid to students who have funded their travel to College prior to receipt of a travel pass, evidence of travel is required. If a student is unable to fund travel to College they can request rail warrants from Student Services each day that they are in college. A rail warrant will be provided for their next day of attendance.

Up-to-date, valid supporting evidence must be produced at the time of application and all applications must be received by the published deadlines. Applications received after the published deadlines may not be processed.

All students aged 16 and over and who meet the residency criteria set out in national funding guidance and are studying an ESFA funded course are eligible to apply. Waged apprentices are not eligible.

Should an applicant withdraw from their chosen course of study and decide to leave College, they may be required to repay monies or return equipment supplied/bought by the support fund.

3. Eligibility

Eligibility is based on age, residence, household income and previous level of qualification and in the case of travel, distance travelled from home to campus of study. The College eligibility criteria is reviewed and updated annually based on the ESFA published guidelines for that year. Full eligibility criteria and maximum levels of support is detailed in Appendix 1.

The 16-19 Bursary Fund, 19+ Discretionary Learner Support Fund and Advanced Learner Loans Bursaries are means-tested and applicants will be required to provide evidence to verify total household income. Students applying through the Advanced Learner Loan Bursaries for Additional Learning Support costs ONLY will not be means tested.

4. Help towards meeting course related costs

Assessment of the level of support needed for each programme of study will be carried out in conjunction with information supplied by direct delivery teams regarding course related costs.

Funds will normally be paid directly to the equipment or uniform provider for all students. Any funds paid directly to students will be made via BACs to the designated bank account.

Course related costs are paid in three termly instalments with the first instalment covering essential items.

5. Help towards travel costs

Bursary funds for students aged 16-18 will be administered in conjunction with Local Authority Transport Scheme's and Policies. In most cases Bursary funds will be used to provide additional financial support where transport costs are not met in full or present a barrier to learning.

Support through bursary funds with the cost of travel is available to students who travel more than three miles to their site of study.

Travel support will normally be in the form of a travel pass using the most cost effective form of transport, however the college will exercise discretion on this decision where another form of support is deemed more suitable.

Students eligible for local authority travel assistance can request assistance with the cost of the contribution they are required to make.
